

**Luke 13:1-9**

**It Could Be You!**

# Tragic calamities...

surely such a loving God would never permit  
such things to happen —

and if He's so powerful why doesn't He intervene  
to stop it?

**1. The kinds of tragedies that we witness almost every day are not because certain individuals are more sinful than others.**

**2. Such calamitous events could fall upon any of us at any time.**

When awful events happen the question to ask is not,

“Why does God let people die like that?”

The question to ask is this,

“Why does God still allow the rest of us to live?”

**3. You need to repent so that you may not perish.**
